Garhbeta College, Annual Report - 2020-2021

Introduction

In the Bargiraj Dynasty, Garhbeta was a small hamlet. As found in history, this place became popular in the art and culture since the 16th century. The river Silabati was a silent spectator of many ups and downs happened in Garhbeta. There is many evidence that occurred in British Rule of oppression and its strong opposition from the people of Garhbeta. To take a frontier role in the development of the nation, the people of Garhbeta established Garhbeta High School in 1888.

It was a milestone in education. The well known leader in 'Quit India' Movement' Late Gobinda Kurnar Singha envisaged to establish one higher educational institutional Garhbeta, and he successfully did this noble work with the full support of the villagers as well as the Zamindar of this area. The auspicious day in which the 'Rarah-Bangla' got the door to higher study was 13th August 1948. Garhbeta had rich cultural heritage in its past. The bank of the holy river Silabati was the mother of many great sons like freedom fighter, nobel educationist, big corporate owner etc. The place with religious interest, enchanting sight of the Mahabharata fame 'Gangani' and the varied beauty of pleasant vast green forest and laterite soil attract many visitors with diverse interest on different occasions throughout the year. Much more water has passed through Silabati, Garhbeta adopted various changes in the course of time. Fertile land, well connected road & railways and experts in various fields put Garhbeta to its inevitable position in agriculture, business and education.

The college had started its journey from Banerjee danga High School with only 50 students on 12th February 1950 and then the college was shifted to its campus constituted by the generous donation of

2.58 acres of land by the local freedom fighter Late Basanta Kumar Sarkar and 9.56 acres of land by Midnapore Zamindar Company. The college is marching forward with a vision to achieve its mission of catering to higher education for students of Paschim Medinipur and the adjoining district of Bankura and Hooghly. In the 70 years of its long journey started just with a corrugated shade in the jungle, the college has now reached significant height and possesses large buildings, well established laboratories with sophisticated instruments and provided with other basic amenities that are essential for an institution of higher learning. At the inception the College was affiliated to the University of Calcutta with Arts and Commerce stream in intermediate standard. Affiliation upto B.A. (Pass) standard was extended in 1957, followed by B.Sc. (Pass) in 1960 and Mathematics (Hons.) and History (Hons.) in 1964. Subsequently, University of Calcutta granted B. Com (Pass), Zoology (Pass) and Botany (Pass) in 1982 and 1983 respectively. In 1985, the hunger for education of the people of undivided Midnapore received the long waiting and

most coveted gift from Vidyasagar University from UGC as well as Govt. of West Bengal. And Garhbeta College became affiliated to the University and the college steadily progressed in all its dimensions of academic sphere. Now the college offers honours in fourteen subjects arts, science, and commerce along with the newly introduced Santali Hons, and four post-graduate courses in Bengali (M.A.), History (M.A.), Mathematics (M.Sc.) and Zoology (M.Sc.). Besides, there are one major vocational course (O.M.S.P.) and two professional course B.P. Ed, (N.C.T.E approved) & BCA (since 2016) also running in the college. These are remarkable achievement of Garhbeta College, and these will offer higher studies to the students of this locality at their doorstep. There has been continuous research activity in most of the departments as well. Ex-students are also in constant touch with the departments in the perspective of higher studies and research. To send the message that the education is not only for all but for all ages, Garhbeta College has a wing of distance education in its campus namely Netaji Subhas Open University Study Centre. Soon Garhbeta College will take a frontier leadership in the propagation of higher education in the Country.

COLLEGE ACTIVITIES

SAHELI: THE WOMENS' CELL

The Women's Cell, 'Saheli' of Garhbeta College started its journey in the year of 2011. The college authority feels that there must be a platform for the women employees and lady students at the college to share their views, raise their voice against offences and to bring those to the knowledge of the higher authority of the college. 'Saheli' also deals with undesirable incidents concerning women in the college campus and address different social issues.

Objectives:

1. To prevent gender discrimination & sexual harassment in the college campus.
2. To deal the cases of sexual harassment, in a time bound manner aiming at ensuring services to the victims and terminating the harassment.
3. To recommend appropriate punitive action against the guilty to the higher

authority of the college.

4. To grow awareness among the girl students and female staff of the college about women health & women legislative support provided by the constitution of India.

Functions :

1. Promotion of gender equality and documentation & dissemination.

Organization of awareness program for girl students and female staff on different aspects of gender amity, health management & legal rights of women.

2. Consultation with the Lawyer, Doctor and /or a counselor as required.

3. The women's cell 'Saheli' shall be ethically accountable to the complainants as well as the accused and shall do its utmost to provide justice for each Programs undertaken by 'Saheli' each complaint to the best of its ability.

Programs undertaken by 'Saheli':

In the last academic session, 'Saheli' has organized a one-day national level webinar on entitled 'Scanning COVID -19 pandemic through gender Lens' on 20th July, 2020 in association with IQAC of the college, where eminent speakers like Dr. Ritajyoti Bandyopadhyay, Assistant Professor, Department of Humanities & Social Science, ISER, Mohali, Dr. Simantani Mukhopadhyay, Assistant Professor, Institute of Development Studies, Kolkata, Dr. Supurna Banerjee, Assistant Professor, Institute of Development Studies, Kolkata delivered speeches. At that programme, Srabani Seal, Psychological Counsellor, Vidyasagar University enlightened the participants about many aspects of stress management. Through this webinar, 'Saheli' intended to know about different pandemics of the past as well as present Covid 19 situation. The webinar also tried to understand how Covid 19 had inflicted injuries to the already fragile gender equality in a country like India. The webinar also aimed to understand how Covid 19 pandemic situation has generated immense psychological setbacks, particularly for women and what may be the real time curative measures for it.

2. 'Saheli' extended its hand to the local community with a view to discharging its social responsibility in this pandemic situation. A programme was undertaken to distribute Mask, Soap and Covid awareness leaflet among the people of Ruidaspara, Block 11, Garbeta 1 on 20.05.2021.

3. On 13.06.2021, 'Saheli' extended its cooperation to Covid 19 taskforce of the college to organize a webinar on Covid 19, entitled as 'COVID KATHA' - Understanding Covid' where Dr. Partha Chakrabarti, Principal scientist and a renowned Doctor of Institute of Chemical Biology, Kolkata delivered a wonderful lecture in vernacular language to address various issues regarding COVID-19.

A Proud Achievements of the College:

Garhbeta College takes its social responsibilities very seriously and implements all the means for helping the students attain the benefits, scholarships, and all other welfare schemes in a very efficient manner. Each year, the college actively pursue for receiving the benefit of KANYASHREE scheme of the Government of West Bengal

for our women students. In the year 2020-21, our college ranked second in the District of Paschim Medinipur, in successfully implementing the scheme. Our college was felicitated by the Department of Women and Child Welfare, Government of West Bengal.

Cutting-Edge Research By Distinguished Faculty Member

Professor Abhijit Banerjee, Associate Professor at the Department of Mathematics has just completed a research project, which is an achievement as a distinguished researcher/faculty member of our college. The detail of the project is given below. The project entitled "*Quantum mechanics of bicomplex Hamiltonian systems*" (Reference no. *ECR/2017/000102*) had been *approved* by the Science and Engineering Research Board (SERB), Department of Science and Technology (DST), Govt. of India under Early Career Research award (formerly known as Young Scientist Scheme) on 30.06.2017. The amount of Rs 18,25,560/- had been *sanctioned* by SERB on 12.03.2013 to be implemented *for three years* w.e.f. 16.03.2018, in Krishnath College (presently Murshidabad University), Berhampore, Murshidabad. Further, on 01.10.2019, SERB has *approved the transfer* of this project from Krishnath College to Garhbeta College w.e.f. 30.03.2019. The project work had been *evaluated* by SERB through the Group Monitoring Workshop held on 01-05 February 2021 and has been graded "*satisfactory*". The motivation of this project was to investigate the problem of non- conservation of (complex) eigenstates related to nonlinear parity-time reversal quantum system and the corresponding basic objective was to achieve that conservation by analytic continuation from complex field to

multicomplex (at the beginning, the bicomplex one) spaces, specially by tackling the issue of indefinite metric associated to bicomplex space.

Effective Turning Around in the Post-Pandemic Period

The Covid-19 pandemic and the social distancing that followed have affected all walks of society, also education. In order to keep education running, educational institutions have had to quickly adapt to the situation. This has resulted in an unprecedented push to online learning. Once the fear started to subside, while the surge of infection started to die down too, our college, like many other similar educational institutes, was at a crossroads. The greatest challenge was to wean students off the home-bound online teaching-learning-evaluation and bring them back to the campus. A number of the students who had passed out of schools came to college for the first time after two years. The college took up this

challenge and ensured a welcoming environment for them, where they saw teachers and all the people of the college are happy to be back on campus and excited to start frontal teaching-learning-evaluation process back again. The college has taken this re-opening of campus as an opportunity too, to reflect upon the lesson the lockdown period provided. It was about how the non-human natural world thrived and grew happily while normal human activities were suspended. It proved how the so-called normal

human activities were harmful to the environment. Our college has rolled out policies and decisions about making the campus green in all possible aspects. Re-learning to live in harmony with nature has been the focus of our college in the post-pandemic era. Our environmental policy, energy policy, water and waste management policy and developing a green campus is gradually materializing. We as a higher education institute has learnt the lesson that humans cannot grow intellectually or materially by being at disharmony with the nature. We thus have adopted the green way to ensure a productive and holistic educational environment for our students.

There are four NSS units in the College headed by four Program Officers to undertake various activities as per guidelines of Vidyasagar University. NSS is offered to the students with a view to develop their personality through various Social and Community services undertaken alongside their course of study. To ensure the mental as well as personality development of students, Garhbeta college has introduced four NSS units having capacity 100 volunteers in each. Along with the normal activity in

every session, each unit organizes special winter camp in various adopted villages. Besides, student volunteers participated in the various occasions like 'Banomahotsab', observation of 'Vivekananda's Birthday', 'Netaji's Birthday' etc. Another exposure of NSS volunteers is the establishment of 'Red Ribbon Club' at the College. The objective of the club is solely the promotion of voluntary blood donation in the student community as well as to the local youth, this noble venture reached to the reality of light with the coordination of Voluntary Blood Donner Association. Also, the club made aware the people on blood transfusion related diseases that appear due to the negligence and superstition prevails in the society.

As per the recommendation of the Program Coordinator of Vidyasagar University, our college has continued the COVID WARRIOR GROUP with effective 100 volunteers for emergency service. This group was formed last session to help the COVID positive patients. At the beginning of every session NSS registration forms are distributed among the 1st Semester Students from each of the four units separately. The NSS Program Officers, corresponding to their respective units, circulated the notice regarding the registration in NSS and it was conducted after the commencement of 1st Semester classes. One student can take either NCC or NSS and both are not at all permissible. Apart from this, a student can opt for NSS can only register himself/herself in one NSS unit only. Sports

Students of our college both boys and girls could not participate in the external sports and games of Vidyasagar University inter college games and sports, 2021-22 and Inter college state games and sports championship, 2021-22 organized by Higher Education department, Government of West Bengal due to Covid 19 Pandemic. One of our students of 4th semester, Miss Isani Santi, represented as a team member of Vidyasagar University women's football team in the East Zone Inter University Women's Football Tournament, 2021-22 and All India Inter University (National) Women's Football Tournament, 2021-22. In this year Vidyasagar University Women's Football Team became Champion of both the tournaments. Our college games and sports sub-committee successfully conducted 60th Annual Athletic Meet, 2021-22 after Post Pandemic new normal situation with 26 events and 421 participants.

Outreach Programs

Department of Botany : The Department of Botany of the college often meets with the local farmers, especially during the winter, which is the season of potato cultivation. This is to interact on field knowledge and sharing their different views with the farmers. The department performs different lab to land programs from time to time, like mushroom cultivation, composting etc, which is helpful to the student for their skill development, future employment generation as well as for socio economic upliftment.

Department of Geography

The department of Geography takes their students on field trips regularly, to connect the real-world learning with the institutional teaching. For example, the student of the final semester gets to apply their knowledge in the projects they undertake during excursions.

Department of Bengali

The department of Bengali takes their UG and PG students to field trips (currently stalled due to the pandemic) regularly. This is a part of their curriculum as prescribed by the University. They have done field studies in places like Shantiniketan (PG) and Purulia (UG).

Department of Zoology

The department of Zoology The department of Zoology too, organizes excursions/field trips for the students. The firstsemester students were taken to Puri, Odisha for their field trip in 2018. In 2019, the first and the fifth semester students went for their field trip to Bhitarkanika, Odisha.

Cultural Programs

Perhaps the corona virus pandemic has devastated mostly those sectors that enrich and entertain us, from culture and the arts to sports and entertainment.

Suddenly, our familiar institution becomes unfamiliar to all of us, though not in the sense of Viktor Shklovsky. The activities of our institution have started to flow in a new stream. If education is the 'base' of our institution, then cultural activities are the 'superstructure' and suddenly all these activities have stopped due to this pandemic. In recent years, our students have shown their caliber in performing arts like song, dance, poetry, street play, dance drama, etc., and in various sports competitions. But this pandemic has forced us to watch our favorite sports team playing in an eerily empty stadium with the effect that the game no longer offers us a thrilling escape from the world but reminds us of its crisis. Under this circumstance, our institution has postponed all sports competitions for the academic year 2020 – 2021. But when our teachers have gathered virtually in a meeting to discuss how to conduct our cultural activities for the academic year 2020 – 2021, our honorable Principal Dr. Hariprasad Sarkar suggests celebrating our cultural activities virtually and all our teachers have accepted this proposal unanimously. At first, all of us are in a dubious state about the success of this initiative. But our students, like a Phoenix, emerge from the ashes of this destruction and make this initiative a grand success. We have celebrated Rabindra Jayanti Utsav in a grand way. Not only our students but also our honorable Principal Sir, our teachers, and our non-teaching staffs have participated in this program. The cumulative video recording of the performance has been uploaded to our YouTube channel. With the constant support from our honourable Principal Sir, our cultural sub-committee has successfully conducted this programme. This performance is nothing but a ray of hope to the students in this utter darkness. After that, our students have participated in all the cultural activities spontaneously, of course by following the Covid – 19 restrictions and protocols. Though Covid-19 pandemic has devastated the world outside, our students have defeated Covid – 19 in another sense by showing their versatility and flexibility.

MEDICINAL GARDEN (CHARAK UDYAN)

In India, West Bengal is very rich in bio-diversity. Rapid developmental activity and fast changes in societal structure of West Bengal particularly of Garhbeta are bound to have

an impact on the continued sustenance of biodiversity. Some species in the area are under threat. To save the genetic bio diversity from threat, Botany Department has set up a medicinal plants garden named 'CHARAKUDDYAN' to conserve the endangered

Nearly fifty-Five different medicinal plants like Kalmegh, Iswarmul, Satmul, Barmi, Harjora, Raufla to name a few are planted and maintained by the Department.

Significant contributions made by IQAC during the current year

- (a) IQAC proposed to the authority to begin online classes in the pandemic situation. It also developed a robust online feedback mechanism and collected that through Google form for teachers, students and parents. To strengthen the online teaching the college has purchased G-Suit. To facilitate teaching – learning process during the pandemic, the college enhanced the use of e-resources and ICT tools. Facilities and services of the Library extended to facilitate sharing of e-resources such as academic material and university question papers.
- (b) The faculty, staff and NSS unit of the Garhbeta college organizes awareness program on COVID 19 pandemic.
- (c) In the lockdown period all academic activities including online classes, internal assessments, semester examination and evaluation and uploading of marks have been successfully completed through online mode.
- (d) Departments are encouraged to arrange webinar, online workshops etc. and those were organized.
- (e) Workshop on Psychosocial counseling for students during the pandemic was organized.

Plan of action chalked out by the IQAC in the beginning of the Academic year

- (i) **Plan of Action** : To organize internship/excursion programs for students
Achievements/Outcomes. Could not be implemented due to lockdown/pandemic

- (ii) **Plan of Action :** Online Induction program for newly admitted students
Achievements/Outcomes: Online induction program was conducted by the respective departments for the honors students
- (iii) **Plan of Action :** Collection of Feedback from faculties, Students and Parents
Achievements/Outcomes: All Feedback forms are collected by the respective departments through online mode
- (iv) **Plan of Action :** To organize a National Level Seminar/workshop
Achievements/Outcomes: Could not be implemented due to lockdown/ pandemic.
- (v) **Plan of Action :** Submission of AQAR-2020-21
Achievements/Outcomes: Could not be implemented due to lockdown/ pandemic
- (vi) **Plan of Action :** Submission of AISHE-2020-21
Achievements/Outcomes: Could not be implemented due to lockdown/ pandemic.
- (vii) **Plan of Action :** Up-gradation of college website
Achievements/Outcomes: The college website has been redesigned and upgraded; the existing website facilitated the access to information and structured documentation
- (viii) **Plan of Action :** Counselor Outreach
Achievements/Outcomes: Online Counseling initiated to address mental issues.
